Commercial Information

SURFACE PREPARATION INNOVATION

Version Date: October 2013

Title: Paint Suits

PAINT SUITS

Blastrite's paint suits and shoe covers provide protection against sprays and splashes for operators in a painting environment.

Our paint suits are available in both disposable and re-usable. The disposable suits with hoods are available in four sizes, ranging from medium to XXL.

The DuPont™ Tyvek® re-usable paint suit is made of high-density polyethylene with a tailored fit that simultaneously allows range of movement, thus providing better overall comfort. Disposable shoe covers are easy to put on and keep shoes and workboots clean.
